# Comparing and Contrasting: String Instruments

For your Venn Diagram, first choose **two string instruments to compare**. Write them on the lines above the diagram.

Next, compare and contrast the following things:

1. The number of strings
2. The size of the instrument
3. How the instrument is played (Do people play it sitting down or standing up? Do they use their fingers or a bow?)
4. The pitch

If you learn something else that is interesting about the instruments, write it in the box:
